

UNITED STATES NAVY INDEFINITE DELIVERY/ INDEFINITE QUANTITY CONTRACT UNITED STATES NAVAL FACILITIES ENGINEERING COMMAND

A.D. Marble & Company is currently working on an Indefinite Delivery (IDIQ) contract with the U.S. Navy, providing Cultural Resources Services. Specific task assignments will include background research, oral interviews, Historic Resources Surveys, Analysis and Documentation, Assessment of Effect, and other assignments resulting from Section 106 and 110 of the National Historic Preservation Act (NHPA). Work is also anticipated to include the preparation of Memoranda of Agreement (MOAs), which will specify mitigation commitments and involve coordination and consultation with the National Park Service and the appropriate State Historic Preservation Offices (SHPOs).

Documentation efforts will also include the recordation of significant cultural resources on Naval facilities across the Mid-Atlantic region. Documentation of buildings, structures, and other features will be completed to Historic American Building Survey (HABS) and Historic American Engineering Record (HAER) standards for documentation as specified by the National Park Service.

Archaeological efforts as part of this contract are anticipated to include Phase I identification surveys, Phase II eligibility studies, and Phase III data recovery excavations mitigation. Tasks could include both pre-contact and historic archaeological sites in the Mid-Atlantic. Task assignments are also anticipated to include underwater archaeological studies related to harbors, ports, and pier complexes.

Other work efforts anticipated include archaeological predictive modeling, assistance with GIS data layers at different activity areas, oral interviews with current and former military personnel, preparation of historic and illustrative public information materials, and other items as directed by the client. This is a five-year contract with a value of \$1 Million.
